certificate specifications

Portability Privilege - Coverage may be continued under the Portability Provision when coverage under the policy ends.

Termination of Coverage - As long as you are insured, your coverage under the policy ends on the earliest of: 1. the date the policy is canceled; or 2. the last day of the period for which you made any required premium payments; or 3. the last day you were in active employment; or 4. the date you are no longer in an eligible class; or 5. the date your class is no longer eligible. • AWD will provide coverage for a payable claim that occurs while you are covered under the policy. If your spouse is a covered person, the spouse's coverage ends upon valid decree of divorce or your death. If your child is a covered person, the child's coverage ends on the certificate anniversary next following the date the child is no longer eligible. This is the earlier of: a. when the child marries; or b. reaches age 22 (26 if a full-time student attending an educational institution of higher learning beyond high school). Coverage does not terminate on an unmarried child who: 1. is incapable of self-sustaining employment by reason of mental or physical incapacity; and 2. became so incapacitated prior to the attainment of the limiting age of eligibility under the coverage; and 3. is chiefly dependent upon you for support and maintenance. • Dependent coverage continues as long as the coverage remains in force and the dependent remains in such condition. Proof of the incapacity and dependency of the child must be furnished within 60 days of the child's attainment of the limiting age of eligibility. Thereafter, such proof must be furnished as frequently as may be required, but no more frequently than annually after the child's attainment of the limiting age for eligibility. If we accept a premium for coverage extending beyond the date, age or event specified for termination as to a covered person, then coverage continues during the period for which such premium was accepted. This does not apply where such acceptance was based on a misstatement of age.

Pre-Existing Condition - AWD does not pay for any loss due to a pre-existing condition as defined during the 12-month period beginning on the date that person became a covered person. A pre-existing condition is a disease or physical condition for which medical advice or treatment was received by the covered person during the 12-month period prior to the effective date of the covered person's coverage.

Exclusions and Limitations - The policy does not pay for any loss except for losses due directly from cancer or specified disease and any other conditions or diseases caused or aggravated by cancer or a specified disease. Diagnosis must be submitted to support each claim. Treatment must be received in the United States or its territories.

Intensive Care Unit Benefit Exclusions and

Limitations - The Intensive Care Unit benefit does not pay for intensive care if a covered person is admitted because of an attempted suicide; or intentional self-inflicted injury; or intoxication or being under the influence of drugs not prescribed or recommended by a physician; or alcoholism or drug addiction. We do not pay for confinements in any care unit that does not qualify as a hospital intensive care unit. Progressive care units, sub-acute intensive care units, intermediate care units, and private rooms with monitoring, step down units and any other lesser care treatment units do not qualify as hospital intensive care units. We do not pay this benefit for continuous hospital intensive care unit confinements that occur during a hospitalization that begins before the effective date of coverage. Children born within 10 months of the effective date are not covered for any continuous hospital intensive care unit confinement that occurs or begins during the first 30 days of such child's life.

Coverage Subject to the Policy - The coverage described in the certificate is subject in every way to the terms of the policy that is issued to the policyholder (employer). It alone makes up the agreement by which the insurance is provided. The group policy may at any time be amended or discontinued by agreement between us and the policyholder. Your consent is not required for this. Neither are we required to give you prior notice.

The policy is limited benefit Cancer and Specified Disease Insurance. This is not a Medicare Supplement Policy. If eligible for Medicare, review Medicare Supplement Buyer's Guide available from American Heritage Life Insurance Company. Subject to COBRA continuation of coverage.

The coverage is provided by a limited benefit supplemental insurance policy.
